

This is one for those of you who couldn't get over to Elin and Division streets Wednesday noon—it's a report on what Hollywood's celebrities told the Hope fans.

Anthony Veiller, Warner Bros. producer, the made "Fort Worth" and "Dallas", reviewed movie accomplishments on this 50th anniversary of the industry and promised still better pictures are yet to come.

Dean Moorehead, 20th Century Fox starlet ("Golden Girl" was her first picture), looked out over a sea of high-school faces and told the kids, "If you think everything in Hollywood is glamour I'm here to tell you I'm still in high school myself. The studio maintains its own school, and between that and dramatic coaching and actual rehearsals I really have to work."

Ricardo Montalban, MGM's great star ("Mark of the Renegade" played here last week-end), got a tremendous hand from the audience. He reported that an actor strives for versatility. "In my next picture," he said, "I play the role of a very mean Indian. But I know you will forgive me—I get killed in the end." Speaking of Indians, Montalban told this story—

Two little Indians were practicing making smoke signals out in New Mexico. One put up a column 10 feet high. The second one beat him with a 12-foot column. About that time the army exploded an atomic bomb with a cloud that mushroomed miles high. "Geel!" exclaimed the first little Indian, "I wish I'd said that..."

Julia Adams, Little Rock girl, is a star at Universal-International studio. She told the folks that as a child she lived in Hope briefly, her father buying cotton here. When she went to Hollywood she trained rigorously to get rid of her Southern drawl, "so I wouldn't be typed in the role of a Southern belle." She went on: "I got rid of it so successfully that I guess what the first role I drew was that of a Southern girl, and the studio asked me if I thought I could manage a Southern drawl. I said I thought I could manage it..."

Veteran of the party was Vince Barnett, who's been in 300 pictures in 21 of the last 24 years. Barnett said, "When I was a child I was so ugly I used to hide every time they made some family pictures. I was ugly, too, when I grew up, but my face made my fortune in Hollywood. My father used to say, 'Listen Stupid, My good old father... he was always calling me 'Listen.' You'll remember Barnett for 'Scarface.' 'Knock on Any Door' (with Humphrey Bogart), and many others."

## 3d District Stock Show Congratulated

The Third District Stock Show has received the following letters commending the 1951 performance, Manager Bob Shivers reported to-day.

From T. P. Head, extension dairy man, Fayetteville: "As I told you when leaving your show, I enjoyed it more than any other show I have had the pleasure of working."

"You and your board, and other individuals, are having a grand show and I especially like the courtesies and conveniences made possible for those of us judging. I also got the idea that all of the exhibitors are very well pleased with the management and facilities that you have at Hope."

From E. S. Ruby, assistant professor, department of animal industry and veterinary science, College of Agriculture, University of Arkansas, Fayetteville:

"I certainly enjoyed the visit in Hope in connection with the Third District Stock Show. You had a very nice show and one of which your area can well be proud."

## Struck Plant to Start Operation

Memphis, Tenn., Oct. 11 (AP) — Employees at the Fort Motor company's assembly plant here have voted to start production, rolling again this morning, ending a one-day wildcat strike.

The Memphis local of the CIO United Auto Workers called for a special meeting on the strike last night. Chairman Jack Biberback said the vote to return to work was 280 to 164. The brief walkout ended about 700.

Plant Manager H. J. Pearson said the dispute grew out of the three-day suspension of a trim department worker. Pearson said the man failed to meet "an official work standard."

When the 186 trim department employees walked out in protest the assembly lines were closed down. Pearson denied a complaint by some workers that they were being "overloaded" because of recent layoffs.

A total of 278 workers have been laid off since July 1 because of production cuts due to material shortages.

## MEETING POSTPONED

Little Rock, Oct. 11 (AP) — A meeting of the Arkansas legislative council scheduled for Friday has been postponed until later this month, Executive Director Herron Northcutt said yesterday.

## Communist Is Lodged in Jail at Texarkana

Texarkana, Tex., Oct. 11 (AP) — Communist party members from New York to Mexico stewed today while Gus Hall, fugitive party secretary arrested in Laredo yesterday, stewed in a federal correctional institution here.

These two developments followed Hall's capture in Mexico City and his swift movement to FBI men at the border town of Laredo:

1. A group in Mexico City, including Artist Diego Rivera and Communist Manuel Terrazas, protested the move and said it would take Hall's case to President Miguel Aleman.

2. In New York the Communist party called the supreme court's refusal to review its decision upholding Hall's (and ten others) conspiracy conviction "a cause for gravest alarm."

In Washington it appeared every effort that the FBI is making every effort to find out what help Hall received in his escape from this country.

The bureau declined to discuss this matter. But FBI Director J. Edgar Hoover and Attorney General McCarth in a formal statement last July said anyone knowingly harboring the fugitive Communist leaders or aiding their flight would be prosecuted.

A statement warned the public that heavy penalties could be imposed for such assistance. Hall and ten other top U. S. Communists were convicted of violating the Smith act, which makes it a federal crime to teach or advocate the overthrow of the government by force or violence.

Eight of the eleven, including Hall now, are serving prison sentences. Robert Thompson, Gilbert Green and Henry Winston are still at large. They, along with Hall, jumped bail in early July causing the Civil Rights Congress (CRC) to lose its \$80,000 in bail money.

In answering the group's protests in Mexico City, the Mexican interior department said it had "no knowledge" of the arrest — an attitude it has maintained since the arrest was first reported.

The department's official disclaimer of the whole thing blocked efforts to obtain an authorized account of Hall's arrest, but a source in the police department gave this account:

Immigration agents had been watching the tourist roads into Mexico city late Monday night when they thought they recognized Hall in a car with two men and two women. They let the car pass the checkpoint, but followed it to a tourist court.

Agents entered and one asked: "You're Gus Hall, aren't you?"

Hall, apparently taken by surprise, admitted his identity and was detained. The other four persons, who tourist papers were in order, were not arrested or identified. Hall was put into a car and driven to Laredo where FBI men were awaiting him.

The state bird of New Hampshire is the purple finch.

## An Interesting World Series? Certainly This Bum From Brooklyn Didn't Think So

By HAL BOYLE  
New York (AP) — An imaginary radio interview with Alonzo Myopia, a faithful world series baseball fan.

Announcer — understand you've been going to world series contests for 40 years. What did you think of this one?

Myopia — Wright.

Announcer — I agree with you. It was one of the most thrilling in history. How did you like the New York Yankees?

Myopia — Awright.

Announcer — Yes they sure did hit splendidly when the Cards were down. And what did you think of the Giants?

Myopia — Dore dropkicking was superb, but they need a few lessons in howda dribble. How did they manage to get all dat butah on so few fingers?

Announcer — Heh, heh. Well, sir, and would you mind telling our audience what was your biggest disappointment?

Myopia — My cowbell broke in da tod innin u da foist game. I couldn't get it working again until da climactic contest.

Announcer — That's too bad, sir. I guess that home run by Gil McDougald with the bases loaded gave you a real thrill, eh?

Myopia — I didn't get to see it. I was out having a beer wit my brudder-in-law. Duh dope — he always gets thoisty at duh wrong time.

Announcer — Did you take your wife to any of the games, sir?

Myopia — At six bucks a ticket? What'd I buy her dat television set for?

Announcer — What was your biggest disappointment in the series?

Myopia — I got a stale bun in

## Drive Starts to Equip Grade School Playgrounds

A drive is underway in Hope for funds to purchase equipment for the playgrounds of local grade schools.

Solicitors are making a canvass of the downtown area in an effort to raise approximately \$2,000 for slides, swings, volley balls, basketballs, footballs, training bars and other equipment that children enjoy.

Under Coach Joe Enninger an organized playground will soon be started in all grade schools and will include various sports and games. The program calls for regular participation in all sports, depending on the season, by all the grade school children.

The program has the sanction of the Parent Teachers Association sponsors of the drive to raise the money for equipment.

## A Record Harvest Is Reported

Little Rock, Oct. 11 (AP) — Record harvests of soybeans and rice have been predicted for Arkansas by the department of agriculture.

The department yesterday predicted that the soybean crop would total 12,180,000 bushels this year, and that the rice harvest would amount to 10,258,000 hundred-pound bags.

If the predictions are realized, the soybean crop will top the record production of 11,076,000 bushels harvested in 1950 and will more than double the 1949 crop of 5,820,000 bushels.

The department put the soybean average yield per acre at 21 bushels, the same figure for the 1950 crop.

September rains were a major cause of the increase in the soybean crop, said Miles McPeck, agricultural statistician. He said, however, that he is afraid that some of the crop might be damaged by frost before it can be harvested.

The agriculture department also predicted that the states pegan crop would show an increase over last year. It forecast a harvest of 3,990,000 bushels, compared with 3,285,000 bushels in 1950.

Other crop estimates with last year's production in parentheses include:

Corn — Harvest of 27,875,000 bushels with a yield per acre of 25 bushels. (28,610,000 and 27).

Sweet potatoes — 850,000 bushels on a yield of 85 bushels an acre. (1,183,000 and 81).

Potatoes — 1,369,000 bushels with a yield of 72 bushels to the acre. (1,063,000 and 81).

Hay — harvest of 1,492,000 tons with a yield of 1.24 tons per acre. (1,623,000 and 1.27).

Apples — 510,000 bushels. (408,000).

Grapes — 12,400 tons. (12,400).

Peaches — 1,296,000 bushels. (1,980,000).

Peanuts — 3,150,000 pounds. (3,325,000).

The Mount Ceniz tunnel from Italy to France under Col de Frajus is eight miles long and was completed in 1871.

## State in Bid for Any New Aluminum Plant

Washington, Oct. 11 (AP) — Arkansas' official drive for a bigger aluminum industry has been taken to President Truman, the interior department and industry officials.

Yesterday, Governor McMath outlined the state's case to the president and Arkansas senators went to government and industry officials.

Senators McClellan and Fulbright met in McClellan's office with J. Louis Reynolds, vice president, and Marion Caskie, executive vice president of the Reynolds Metals co.; Richard Seales, under-secretary of the interior; C. Hamilton Moses, president of the Arkansas Power & Light Co., and representatives of the federal southwestern power administration.

Senator McClellan said following the conference that he hopes that a "firm announcement" in the matter will be made in a few days.

Both of the conferences center around an application of the Spartan Aircraft Co., Tulsa, Okla., for a 64,000-ton aluminum production allocation for a proposed plant near Little Rock. The facility would convert bauxite to alumina to aluminum in a continuous operation.

Jess Larson, head of the defense materials procurement agency, is said to favor allocating the 64,000 tons—the remaining unallocated portion of an aluminum expansion program—to Reynolds.

McMath said he asked the President to consider the question granting the allocation to independent companies as well as to the three big aluminum producers—Alcoa, Reynolds, and Kaiser. He said Arkansas prefers an integrated operation such as Spartan proposes, but added that if Spartan's application is not approved he would like to see Reynolds open additional plants in Arkansas.

The governor said the President was "very interested" in the problem.

## Doolittle's Divorce Suit Is Dropped

Hot Springs, Oct. 11 (AP) — The son of famed Gen. James H. Doolittle has lost his bid for an Arkansas divorce on the ground that he is not a bona fide resident of the state.

Maj. James H. Doolittle Jr.'s suit for a divorce from Elva Sav. age Doolittle was dismissed Tuesday by Chancellor Sam Garratt here.

The divorce petition said the Doolittes were married Dec. 10, 1941 and separated in December, 1946. Three years separation is ground for divorce in Arkansas.

Mrs. Doolittle has filed a separate maintenance suit in Kenton O., seeking support for herself and her seven-year-old son, James H. 3rd.

## Sentences of Convicts Reduced

Little Rock, Oct. 11 (AP) — Governor McMath has approved four commutations of sentence, all recommended by the state board of pardons and paroles.

Convicts receiving the commutations included:

Jess Cullens, convicted of carnal abuse in Poinsett county Nov. 23, 1943, and sentenced to 21 years; reduced to 11 years.

Pleas Jackson, convicted of first degree murder in Jefferson county July 10, 1932, and sentenced to life; reduced to 33 years.

## Billfold Found

Mrs. Joe Laseter lost a billfold containing some \$65 in cash and checks at the Robinson Co. sale yesterday but it was found shortly after the loss was reported to police. City officers said today. Nothing was missing, the officer said.

## NO BITE

San Francisco, Oct. 11 (AP) — A jury has decided that landlady Martha Stelling did not put the bite on the arm of tenant Emma Smith.

Mrs. Smith, suing for \$10,000 damages, charged she was bitten by Mrs. Stelling last July during an argument over a rent increase. Mrs. Stelling said the charge was ridiculous "because I have false teeth."

Yesterday the jury denied the Smith claim.

## WOMAN REACHES 109

St. Leonard's-On-Sea, England, Oct. 11 (AP) — Mrs. Matilda Coppins, oldest person in the British Isles, was 109 today.

She received a telegram of congratulations from King George VI and Queen Elizabeth. The morning mail also brought a birthday card from her kid brother, Charlie Evans, of Rochester. He's only 97.

## 'Shy' Snakes

Captive snakes in zoos and circuses often go on hunger strikes and would die of starvation if they were not forcibly fed. Larks snakes dislike to be seen eating.

## Hempstead Group Inspects Miller Dairy Setup

Some 14 local farmers and agricultural leaders were guests yesterday of the Borden Milk Co. at Texarkana and besides inspecting the new milk plant, toured several dairy farms in the area.

The Hempstead men were guests of the Borden Company at lunch. Making the trip were: Ed Thrash, Thomas Hays, Mitchell Sparks, Mike Kelly, Oliver Adams, Robert LaGrone, Ray Lawrence, Edgar Hubbard, Joe Willett, Carl Zimmwail, Dale Woodson, Cy Honea, Gilbert Honea and Dexter Alford.

## Bulletins

St. Louis—Former St. Louis Tax Collector James Finnegan has been indicted on charges of bribery by a Federal Grand Jury. Finnegan has been under questioning by a House subcommittee investigating alleged corruption in tax collection offices across the nation.

The FBI has announced 30 arrests during the past 24 hours in a drive against thefts of government property at military installations and elsewhere.

The House has passed an opposition bill providing nearly four and a half billion dollars for military construction and other uses.

The wage stabilization board has rejected an equity pay raise which has been an issue in strike threats by CIO ship radio operators.

## Senators Like to Talk and Always Do

By JAMES MARLOW

Washington, Oct. 11 (AP) — The house of representatives is just about done with its year's work. Not the senate. The reason: The senators not only like to talk, but can, almost without limit. The talking slows them down.

And the senators are so jealous of their right to keep talking that they have through the years made rules which make it difficult, and sometimes impossible, for anyone to shut them up.

That's why when one of them, or a group of them, wants to keep the majority from acting on something, he just goes into a filibuster which means he can talk till he drops unless the others really want to stop him.

For example: Almost all decisions of the senate are by majority vote. But in 1919 if the senate wanted to stop a filibuster it could do so only if two-thirds of those present voted to do so. This is called cloture.

But in 1949 the southern Democrats filibustered against a civil rights bill. They won out. They won something else, too: The senate changed its rules making it more difficult to stop a filibuster than ever before.

The new rule which the senate approved in 1949, known as rule No. 22, still stands. Whereas in 1949 cloture could be invoked by a vote of only two-thirds of those present, now there can't be cloture unless 6 of the 96 senators vote for it.

But, since it was the senate itself which made this rule, can't the senate itself at any time change the rule to make it easier to invoke cloture? That's where a special gimmick in No. 22 comes in.

That rule says: While 64 of the 96 senators can shut off debate on some bill before the senate, or some other motion to bring up the bill, there can be no cloture at all on any motion to change the rule itself.

So, if tomorrow a senator got up and proposed changing the rule, the same southern Democrats who won in 1949 could get up and filibuster against the proposal and the senate has no machinery to stop them.

But now a group of senators — all Democrats with one exception, Senator Morse, Oregon Republican — have suggested that rule No. 22 be changed to make it easier to invoke cloture. They've made various suggestions.

One of the most interesting suggestions is that a motion to get the most attention at the moment was offered by Senator Leonard, New York Democrat-Liberal, and is sponsored by these other Democrats: Benton and McMahon (Conn.), Murray (Mont.), Magnuson (Conn.) Neely and Kilgore (WVa.), Douglas (Ill.), Humphrey (Minn., Green and Pas-tore (RI).

This is what they propose by way of wiping out rule No. 22:

1. In case of a filibuster against some measure considered an emergency — instead of the 64 out of the 96 senators, as under rule No. 22 — two-thirds of the senators on the floor at the time could invoke cloture after the filibuster had lasted two days.

2. On non-emergency measure the filibuster could be stopped but not until 15 days after it started — by a simple majority vote.

## Marines Complete Biggest 'Copter Airlift in History Under Nose of Chinese Reds

Eastern Front, Korea, Oct. 11 (AP) — The U. S. First Marine division today completed the largest helicopter airlift in history.

An entire battle-equipped battalion (perhaps 1,000 troops) was ferried from a rest area to a spot just behind the front lines.

The distance covered was about 18 miles.

The landings were made in almost full view of Communist positions on hills a few miles to the east. The Reds made no attempt to harass the operation, although they have held the landing area, north of Inje, several times in the last few days.

Twelve giant Sikorski helicopters, each carrying six men per trip, began the shuttle service at 10 a. m. (8 p. m. Wednesday ST) when the morning fog lifted.

Within an hour the first company of the third battalion, Seventh Marine Regiment, was on the ground behind the front.

Then the battalion's commanding officer, Lt. Col. Harvey W. Edwards of Minneapolis, landed with his executive officer, Maj. Howard Mable of San Leandro, Calif. The troops immediately headed for the battle lines, less than a mile away.

As the leathernecks marched single file up the narrow path leading to the front, Allied artillery shells roared overhead and fighter planes swept low in a strike at a Red-held hill commanding the area.

The operation was completed in six hours and 15 minutes — 25 minutes faster than scheduled.

The helicopters made each round trip in about 30 minutes.

Lt. Col. George W. Herring of Rockmart, Ga., said the mission was "100 per cent successful."

"It was the first time 99 per cent of the men had even been in a helicopter. They didn't lose anything in either loading or unloading. The boys on the ground also did a fine job."

"It was more a problem in time and space than a tactical maneuver."

Although the airlift was completed ahead of schedule, time was not the important factor.

The marines were out to prove that helicopters were practical for airborne landings.

The copters had a dress rehearsal Sept. 20 when a marine reconnaissance company was landed on a hill directly on the front lines.

That operation took only two hours.

## New Scout Troop to Be Sponsored by Local VFW

An announcement was made by Commander Denver Dickson, of the VFW, that the post is sponsoring a new Scout Troop.

The new Troop under the leadership of Scoutmaster C. V. Nunn Jr. will get underway Monday night at the VFW Hut. Mr. Nunn is starting with a small group of boys which he intends to train as troop and patrol leaders before bringing the troop to full strength. T. B. Fenwick was chosen assistant.

Claude H. Byrd was elected to represent the VFW on the District Committee. Wes Nienmire is the appointed Troop Committee Chairman. Members of his committee are Henry Fenwick, Donald Dill, John Keck and O. B. Burns.

## Car Thief Arrested Here Is Sentenced

Joseph Ralph Lucas, Jr., an escapee from a North Carolina prison camp, pleaded guilty in Federal court at Texarkana yesterday and was sentenced to four years in prison.

Lucas was arrested in Hope in a car stolen at Baltimore, Md. He was serving a three-year sentence for car theft when he escaped.

High lights of the fall meeting of the Hempstead County Home Demonstration Club Council Friday, October 12 in the Hope City Hall auditorium at 10 a. m. will be reports on the National Home Demonstration Club Council meeting held last August in East Lansing, Michigan by Mrs. J. E. McWilliam, Route 4, Hope and Mrs. D. B. Dragon 720 South Louisiana Street, Hope.

Mrs. Monroe Stuart, Route 1, Ozan, will report on the State Home Demonstration Club Council meeting held in Fayetteville in September. Mrs. James Lewis will report on the Educational tour conducted also in September.

Miss Ruth Josey, Home Economist, with International Harvester Company, Little Rock, will give a Frozen Foods demonstration during the afternoon program.

A film showing model kitchen arrangements will be shown by Mrs. T. F. Huggins of Little Rock. Rev. L. T. Lawrence, pastor of First Presbyterian Church of Hope, will give the devotional. Mrs. B. J. Warkner County Council President will preside during the day.

The Hopewell Home Demonstration Club will be co-hostess for the luncheon during the noon hour. Every Home Demonstration Club member is urged to attend this meeting.

## Auto Output to Be Curbed 13 Per Cent

Washington, Oct. 11 (AP) — The government is reported to have decided to curtail automobile production by about 13 per cent under present output and allow 950,000 cars to be produced in the first three months of 1950.

Informed officials said yesterday that decision has been made by the defense production administration (DPA). An announcement is due tomorrow. Earlier plans have been to cut production of passenger cars to about 800,000 in the first quarter.

Auto industry sources had said they expected stocks of alloy steel to be larger than officials had anticipated.

Auto production in this quarter is limited to about 1,100,000 through curtailments in the supply of steel copper and aluminum.

At the same time, officials of the steel industry urged mobilization director Charles E. Wilson to support their pleas for higher steel prices. That was their principal reply to Wilson's demand that they submit to him suggestions for boosting steel output. The industry leaders contended a price hike needed to compensate for higher production costs.

**When Torturing PILES Make You FEEL OLD:**

See Why Doctors At Famous Pile Hospital Use This Formula!

Thanks to experience with more than 70,000 cases at their famous Clinic, Thornton Minor has developed a really effective non-surgical pile medication. Now you can say that formula at your drug store. "Pile Relief" is a winning formula of ointment, Don't let pile misery rob you of sleep and pep! Release that nerve-shattering itch, pain and burning. This hospital-proven way. Ask for Thornton Minor ointment or come at drugstore—today!

on "Preparing Future Citizens." All members were urged to attend the District PTA meeting at Texarkana High School November 11, and the study course at the home of Mrs. Roy Allison, 1319 South Elm at 2 p.m. Friday.

The PTA voted to sponsor a new club scout pack. Mr. Johnson, scout leader of this area, explained the duties.

Mrs. Jones first grade room won the room count.

The meeting closed with all members repeating the PTA prayer.

**Future Homemakers of America Meets Tuesday**

of those senators on the floor. Why the 13-day delay? Senator Lehman said it would allow the filibusters time in which to appeal to public sentiment and arouse support, if any, for their views before cloture was attempted.

Senator Morse's proposal would end a filibuster if a majority of those present voted for that. Once a majority had so voted, no senator could then talk for more than one hour on the measure under discussion.

But all this is still in the talk-

**MAKE-UP WON'T HIDE CALENDAR LOOK**  
But this scientific way may avoid showing monthly strain. All the make-up in the world can't take that drawing. Piles monthly look out of your eye. But here's a modern way that has helped many women and girls avoid untidy misery and its shame. It's Calicut, a tested medicine that helps build strength and resistance each month. Many women say they feel no monthly strain at all. Look, feel, your normal, happy self. Ask your dealer for Calicut.

ing stage, off the senate floor. But before they can ever get rule 22 changed, they must make a motion to change the rule.

And that's where a filibuster can start, and, apparently, go on endlessly since rule No. 22 says there can be no cloture on any talk against changing the rule.

This presents a neat dilemma for Lehman and Morse and their friends or anyone else who wants to change the rule. If they ever make the motion, the fireworks will start.

But don't look for any attempt in this direction before the senate comes back next January.

**Dangerous Disease**  
Whooping cough is a dangerous disease of childhood and immunization, for it is advised by many doctors between the second and third months of life.

The Chinese drilled wells more than 1,000 years ago.

But don't look for any attempt in this direction before the senate comes back next January.

From where I sit... by Joe Marsh

Might Call It  
"A Tidy Dividend"

They call Spec Richards "Spotless Spec." He seems to spend more time tidying up than working on things that pay off in hard money.

Just how last summer Spec took the time to clean up the picnic grounds across the highway from his farm, Spec raked and tidied half ground once a week—to save the Highway Department the trouble of coming out.

And that did pay off for him—in something just about as good as money. How? Well, drive out by Spec's place and you'll see where the first row of trees have been

planted in the new highway landscaping project!

From where I sit, Spec's co-operation earned him a little special consideration. You'll find the same spirit of work together in the Self-Regulation Program the Brewing Industry sponsors. Tavern owners voluntarily co-operate with this Program to keep their places clean, orderly, and run right. This earns them public good will... and pays off in better business.

## Cats, Juniors Away, Yerger Plays at Home

Three Hope teams see action  
this weekend, the Juniors journey  
to Camden tonight, the Bobcats go  
to Malvern Friday night and the  
Yerger Tigers entertain Peake  
High of Arkadelphia here at 8 o'clock  
Friday night.

The Kittens have two victories  
against a loss. Following tonight's  
contest they go to Magnolia, Tex-  
arkana, Prescott and Nashville.

Yerger's Tigers have scored 74  
points this season while giving only  
12, that to Little Rock last week-  
end in their only defeat. They will  
be seeking their fourth win Thurs-  
day night.

Yerger and Arkadelphia haven't  
played in three years and the Hope  
team won the last of the series.

Tickets are on sale at Yerger  
High School. The game is sched-  
uled for 8 o'clock in City park.

## Yanks Capture Series, DiMag May Retire

By JOE REICHLER

New York, Oct. 11 (AP)—Did the  
ringing double in his last time at  
bat toll Joe DiMaggio's farewell to  
baseball?

Has the greatest single perform-  
er since Babe Ruth played his last  
big league game?

Not even Joe DiMaggio knows the  
answer.

That was the first question on  
nearly everybody's tongue im-  
mediately after Hank Bauer had made  
the final catch of the sixth World  
Series game which made the New  
York Yankees world champions for  
the third straight year.

"Are you coming back next year,  
Joe?"

The great Yankee Clipper, who  
had just established a record by  
playing in his ninth world cham-  
pionship club, flashed that charac-  
teristic toothy grin of his and said:  
"Well, I just don't know. I  
haven't been able to make up my  
mind."

The reporters weren't the only  
ones to put the question to DiMag-  
gio. His teammates were as anx-  
ious as the writers to know. Some  
who might have sensed that he  
may never be back at the Yankee  
stadium, his baseball home for 16  
years, took no chances.

They had Joe autograph their  
baseball gloves, baseballs and photo-  
graphs with suitable salutations on  
them. Several requested and re-  
ceived some of his pet bats.

Undoubtedly, this is the toughest  
decision DiMaggio has had to make  
since he joined the Yankees back  
in 1936 as a wide-eyed, awe-struck  
and tight-lipped youngster of 21.

Not even Del Webb, co-owner of

the Yankees, has an idea of what  
DiMaggio will decide. While posing  
for pictures together, Webb turned  
to Joe and said:

"Well, Joe, I'm not going to  
praise you too much. We might  
have to talk about a contract for  
next year."

There have been rumors that Di-  
Maggio may be asked to take 25  
percent cut from his \$100,000 sal-  
ary. He suffered his poorest year  
this season, hitting at a low .203.

His sub-normal hitting, however,  
did not affect his fielding and base-  
running. And there were days when  
he looked like the old DiMaggio at  
the plate, too. Like in the fourth  
World Series game when he lashed  
a home run and two singles.

"We couldn't have won without  
him," shouted Manager Casey Sten-  
get for all to hear. "And we need  
him next year, too."

One thing is certain, DiMaggio  
hates to leave the game he loves  
so much. He wants to keep on  
playing but only as a top-notch-

er. His pride won't allow him to plod  
along as a mediocre performer.

DiMaggio knows he has slipped—  
but is not quite sure how much.  
That is what is worrying him and  
what makes him hesitate before  
making the final decision.

## Congressman on Good Will Flight

Washington, Oct. 10 (AP)—Rep. Peter F. Mack, Jr., (D-Ill.) took off today on the second leg of a round-the-world good will flight.

Flying alone, Mack lifted his plane and engine single-engine plane into the air at 6:45 a.m., and headed for Newfoundland. His next stop on the projected 32,000-mile tour.

Mack, a 44-year-old bachelor and navy reserve pilot, started the tour Sunday in Springfield, Ill., the home town of Abraham Lincoln. He says the main purpose of his tour is to spread Lincoln's ideas of brotherhood and peace.

Mack is flying a Beechcraft Bonanza plane, dubbed "The Friendship plane," which was used by the late Bill Clinton in setting a non-stop long distance flight record in 1940.

He expects to end the tour in Springfield next Jan. 12. One stop on the tour, he hopes, will be Moscow.

## Gen. Clark's Son Is Wounded

Eastern Front, Korea, Oct. 7. (Delayed by censors.)—Capt. William D. Clark, 26, son of Gen. Mark Clark, was wounded today in today's first of "heavily shelling" by Communist mortar fire.

Clark's operations officer of a battery in the U.S. Ninth Infantry (Forward), was hit in the back and chest by a mortar shell which exploded at the entrance to the Mung-don valley.

He was taken to a mobile army hospital unit. A doctor said his condition was serious but not critical.

Clark's father is chief of army field forces with headquarters at Fort Monroe, Va.

Captain Clark was wounded once before in Korea.

A previous Washington story said that was Captain Clark's third wound.

Gen. Matthew B. Ridgway, Gen. Clark's commander at West Point, presented the captain with a citation for a week ago. The presentation was made in the presence of Gen. Omar Bradley, chairman of the U.S. joint chiefs of staff.

The award was for venturing into Communist lines last May 16 to help rescue two wounded men.

## U. S. Gives Poles a Tongue Lashing

Washington, Oct. 10 (AP)—The state department disclosed yesterday it has given the Polish government the sharp side of its tongue for keeping Poles ignorant of the facts of the world.

The note was delivered Sept. 20 to the Polish ambassador here. The state department made it public yesterday because it said Poland had not complied.

It was the latest move in a dispute over propaganda with Poland. Poland closed down the U.S. information service in Warsaw Aug. 8. The next day, the U.S. closed the Polish Research and Information service, at New York.

Poland claimed this showed that an "iron curtain" stands between the American people and Poland.

The state department said Poland's suppression of the Sept. 20 note showed the "location of the iron curtain."
